# AL RESALAH

CONSULTANCIES AND TRAINING LTD

## P R O F I L E

**Empowering Professionals. Strengthening Organizations**

## OUR VISION

To be a trusted leader in Africa for globally aligned professional training and workforce development.

## OUR MISSION

To deliver high-impact training and consultancy solutions that develop competence, ensure compliance, and drive measurable organizational growth.

## ABOUT ARCT LTD

AI Resalah Consultancies and Training Ltd (ARCT LTD) is a fully registered Nigerian professional training and consultancy organization delivering internationally aligned certification programs and corporate development solutions across diverse industries.

Operating as an independent legal entity in Nigeria, ARCT LTD maintains a strategic international affiliation with AI Resalah Consultancies and Training LLC, United Arab Emirates. This alignment ensures our programs reflect global best practices while remaining locally compliant.

We partner with individuals, corporate organizations, and public institutions to deliver structured, performance-driven learning solutions that strengthen workforce capability, accelerate career growth, and support sustainable organizational excellence.

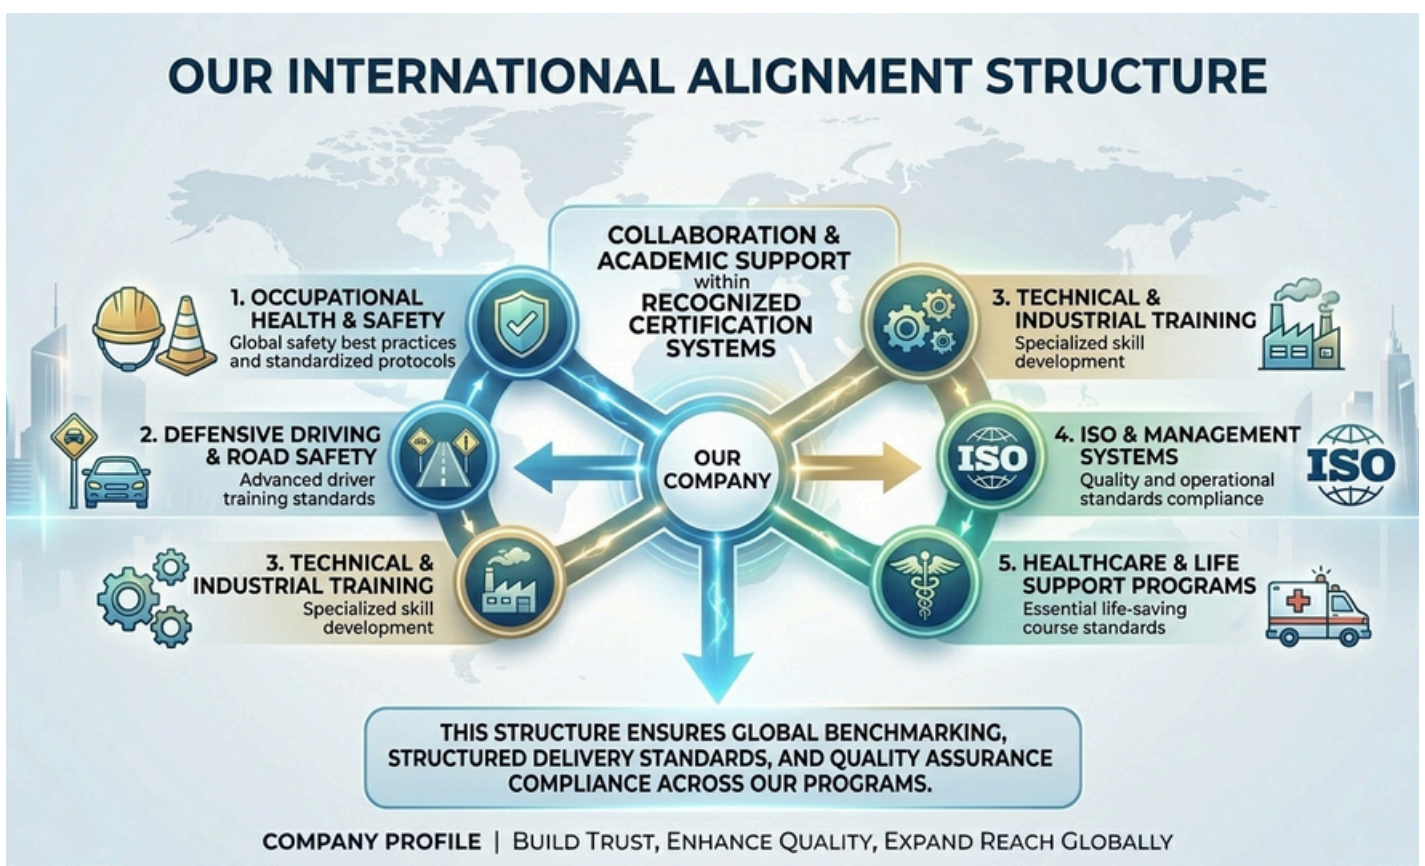

# INTERNATIONAL ACCREDITATION & AFFILIATION FRAMEWORK

Through its strategic affiliation with Al Resalah Consultancies and Training LLC, ARCT LTD operates within an internationally aligned accreditation framework supporting globally recognized professional certifications.

Our international alignment structure includes collaboration and academic support within recognized certification systems in:

- Occupational Health & Safety
- Defensive Driving & Road Safety
- Technical & Industrial Training
- ISO & Management Systems
- Healthcare & Life Support Programs

This structure ensures global benchmarking, structured delivery standards, and quality assurance compliance across our programs.

# REPRESENTATIVE CLIENT PORTFOLIO

(Through UAE Operations & Strategic Projects)

Through the broader Al Resalah Consultancies and Training network, training and consultancy services have been delivered to organizations across:

- Oil & Gas sector
- Construction & Engineering
- Government & Semi-Government entities
- Healthcare institutions
- Corporate and financial organizations
- Educational institutions

# OUR LEARNING PORTFOLIO

## (Multi-Mode Learning Solutions)

We provide a flexible and integrated professional learning ecosystem including:

- ◆ **Live Instructor-Led Training**

Classroom, Virtual, and Hybrid sessions delivered by industry-experienced facilitators.

- ◆ **Self-Paced Learning Programs**

Structured digital modules designed for independent progression.

- ◆ **Exam Preparation & Simulators**

Practice assessments and performance simulations aligned with certification standards.

- ◆ **Professional Bundles & Career Pathways**

Structured learning tracks designed to support progressive career advancement within specific industries.

## (Multi-Mode Learning Solutions)

## OUR DELIVERY METHODOLOGY

We apply a structured performance-driven methodology:

**Training Needs Analysis (TNA)**

**Curriculum Customization**

**Expert-Led Instruction**

**Practical Application & Case-Based Learning**

**Assessment & Competency Validation**

**Post-Training Support & Advisory**

Our approach ensures knowledge translates into measurable workplace competence.

# ORGANIZATIONAL LEARNING SOLUTIONS

We support organizations through:

- In-Company Training Programs
- Annual Training Retainer Models
- Competency Framework Development
- Workforce Upskilling Roadmaps
- Compliance & Audit Preparation
- Executive Development Programs

Each solution is designed to align with corporate strategy, regulatory requirements, and performance objectives.

## DIGITAL LEARNING & LMS INFRASTRUCTURE

ARCT LTD supports structured digital learning through a centralized Learning Management System (LMS) that enables:

- Course enrollment & tracking
- Digital resource access
- Assessment & performance analytics
- Certification tracking
- Continuous Professional Development (CPD) monitoring

Our LMS enhances accessibility, accountability, and learning continuity for both individuals and corporate clients.
